## **GENERAL INFORMATION**

C. R. Burr and Company is a member of the American Association of Nurserymen, the New England Nurserymen's Association, and the Connecticut Nurserymen's Association.

All of our stock is graded by standards of the American Association of Nurserymen. Revised 1959.

All prices in this catalog are wholesale, and apply only to wholesale quantities as listed. They are based on present market conditions and may be changed without notice. Except as otherwise provided terms are F. O. B. Manchester, Conn. Prices are less 2% within 10 days, net 30 days. Thereafter interest at the rate of 6% per annum will be charged on all unpaid balances. C. O. D. orders are to be accompanied by 25% of the amount of the order. Cash, security or references are required from unknown parties. Correspondents are requested to use their business letterhead to identify them as being entitled to wholesale prices.

### **Quantity Purchases . . .**

We do not break bundles. To qualify for wholesale prices, all orders must be in 12 or multiples of 12 of a variety.

Purchases of 36 or more of one item entitle the purchaser to the 100 rate\*.

Purchases of 300 or more of one item are at the 1000 rate.\*

(\*This does not apply to roses and evergreens which have special discounts)

### **Shipping . . .**

We welcome our customer's instructions regarding shipping. In the absence of definite instructions we will use our own judgment, with the distinct understanding that our exercise of such judgment cannot result in any liability by us.

Boxing and crating charges are made at cost.

### **Warranty . . .**

The Company represents and warrants solely that the stock purchased by Buyer shall be true to name and grade. No other or further representations or warranties whatever, either express or implied are made. In any event the liability of the Company and Buyer's maximum damages shall not exceed the purchase price of such stock.

### EVERGREENS F.O.B. MANCHESTER, CONN.

You may choose from acres of well-grown reasonably priced evergreens at our South Windsor and Ellington farms. They are grown in soil especially well adapted to produce the fine fibrous root systems so essential to digging with a good firm ball. The majority of our lots have been treated so that they can be certified for shipment out of the Japanese Bettle quarantine area.

## EVERGREENS (Cont.)

### NEW CORLISS EUONYMUS—PATENTED

Here is something new! the broadleaf, evergreen beauty of *Euonymus vegetus* foliage especially developed into four shrub forms. These perfectly hardy plants make up into four forms, as listed, without support or special training. They will, however, respond to shearing if a slightly altered shape is desired. Here is more than a new variation of a familiar plant... these forms of *Euonymus*, because of their hardiness, will make the broadleafed evergreen shrub available for landscaping use where the climate prohibits such items as Azaleas, boxwood and holly.

### EMERALD PRIDE—PATENT 1073

Neat, compact evergreen shrub of ovoid form, with an ultimate height of four feet and spread of about three and one half feet. Distinctly upright growth from one stem without support.

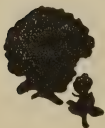

### EMERALD CHARM—PATENT 1079

Exceptionally compact specimen for upright narrow shape. Suitable for a pillar shrub, hedge, or pyramid. Ultimate height four to five feet, spread about 18 inches. Both this and Emerald Pride respond to shaping.

### EMERALD CUSHION—PATENT 1112

As its name implies, Cushion is the shortest of the family, adaptable as a ground cover or facing-down shrub. Very slow-growing, reaching an ultimate height of 18 inches.
